#### **Fast, accurate and no human error.**

Using robots to extract data from Tax Invoice and report them to DJP using the eFaktur application.

#### **Reduce effort and time, cut operational cost.**

Several week effort reduced to just 1-2 hours, with one button click automatic process, without supervision.

#### **Frees you from manual and repetitive tasks.**

So, you can focus on more critical tasks and increasing overall productivity.

#### **Fast implementation time.**

With ERAI tools that use drag and drop, it makes it easy for developers (and business users) to quickly automate processes within 2-6 weeks.
